### Attention Community Members

Governor and Council have approved a small allocation of funds to demolish some of the old houses in the plaza and immediate area. If you are interested please call the Tribal office and have your name and address of the structure to be demolished added to the list. Please insure you are the responsible person with proper authority to have the structure demolished. Call (505) 455-2273. Once the list is established more details will be provided.

### Congratulations

Congratulations to Logan Montoya, who was named Most Valuable Player (MVP) for the Northern Team during the North/South All-Star tournament on July 4, 2024. An amazing job and a well deserved award. Keep up the excellent job!  
-From your proud family

**ANNOUNCEMENT!** San Ildefonso Housing Authority was notified on July 30, 2024, of the Indian Housing Block Competitive Grant award in the amount of \$3 million for 12 Manufactured Homes at Deer Tail Phase II. These homes will be mortgaged through SIHA, SIHA will work with families from the waiting list that have completed the Financial and Homebuyer Education trainings and lastly who have met with Homewise. As information Tribal Members must meet the income guidelines to qualify for these homes.

SIHA wishes to thank the SIHA Board of Commissioners, Governor Moquino and Tribal Council for their support in SIHA's success of obtaining grants thus far.

2024 Median Family Income		\$97,800

## HOUSING APPLICATIONS

San Ildefonso Tribal Members have the option to pick up applications during the business hours of 7:30 AM to 4:00 PM, Monday, Thursday, and Friday, and from 7:30 AM to 4:30 PM on Tuesday and Wednesday. In addition, applications can be obtained from SIHA's website at [www.sanihousing.org](http://www.sanihousing.org).

When applying, individuals will be able to choose between rental or homeownership options. It is important to emphasize that SIHA's goal is to create a waiting list for grant application, with the purpose of increasing housing opportunities for Tribal Members.

If you have any questions, you may contact Devan Martinez, Housing Manager at the SIHA Office.

## QUITCLAIM DEEDS

SIHA is currently awaiting the return of 2 signed and notarized Quitclaims. So far, 17 homeowners have received their Original copy. We appreciate your attention to this matter to the individuals that have yet to return them.

## Maintenance on Private Homes

Taking care of home maintenance is the homeowner's responsibility, and SIHA is not required to cover the costs or offer maintenance services. However, in case of *emergency* maintenance related to *health* and *safety* during regular working hours (7:30 a.m. to 3:30 p.m.), SIHA may provide help. Please be aware that the homeowner might have to bear the expenses since the current funding is allocated for managed units. Mr. Christopher Romero is the only employee who responds to emergency calls and is not available on an "On-Call" schedule.

## **SANTIAGO DAY SUCCESS!**

SIHA gave out 2 basketballs and 24 backpacks containing school supplies. Participants were given 10 attempts from different positions to score and win a backpack, needing only one successful shot. The 2 basketballs were given to two individuals who managed to score from the farthest line in three tries. All the kids enjoyed the mini basketball game and SIHA Staff enjoyed watching everyone participate.

## **Christopher Romero, Building Services Manager Update**

Deer Tail II update, as of today 07/29/2024 concrete for curbs have been ongoing for about a week and shouldn't take too long to complete. Sewer and Water have both been connected to main lines and all water testing is complete. Bringing in of dirt will commence again to bring up grading on the northern side housing pads. So, at some point you will see trucks hauling dirt again. Paving should commence in mid-August. Vibration testing will be done in different areas of Battleship and Deer Tail to make sure we are within the parameters that do not cause structural damage. I will keep everyone updated on any upcoming work in the Deer Tail II area. Thank You

### **Guaje Canyon Road**

Per the Pueblo's Land Claims Settlement, the U.S. Forest Service is required to maintain the road along the north face of Guaje Canyon to the top and to the gate of our new lands. As some of you know the road has been very treacherous and passable only with a UTV/ATV or 4 wheel drive. After several meetings with the USFS and pointing out to them their obligation for maintenance of the road, they finally agreed to do so. The work was completed last week. It will undoubtedly require periodic maintenance and we intend to hold the USFS to their commitment.

The road north from the gate is very washed out and almost impassable in some locations. We will look at finding resources to make these roads usable. Please use caution when traveling on any of these roads.

Enjoy your lands and keep them free from litter. Please feel free to report any unusual activity to the Tribal Rangers at (505) 219-7552.

Do you have internet  
service?

Do you or a family member  
need a handicap ramp?

### Seniors 50+ who currently have internet service:

This year's budget allows for Seniors 50 and over a monthly billing credit for internet service. Fiscal year '25 can assist with \$42.00 a month for one year.

You must currently have an internet provider and submit a request, along with your monthly bill, to Rhonda Cata at the Tribal Administration Office.

For more information or questions, call 505-455-4160.

### Seniors 50+ needing a Handicap Ramp:

The Fiscal Year '25 budget also allows for a handicap ramp to be built at the home of the approved Senior(s).

If you or a family member needs a ramp, please submit a request to Rhonda Cata at the Tribal Administrators office or call 505-455-4160.

***Re: Reported Mountain Lion Sighting***

***From: Tribal Rangers, Parks and Wildlife Department***

On Saturday, July 27, 2024, a mountain lion was sighted on the east side of the River at a tribal member's residence and took a tribal member's goat.

The Parks and Wildlife Department would like to advise the community to be mindful of wildlife that have been displaced by drought conditions. Please give wildlife their space, do not attempt to feed wildlife, properly dispose of trash, and clean barbecue grills and outdoor eating areas. Also, please be mindful of children, pets, and their food at all times.

Should you have any questions or to report an incident please contact, Tribal Rangers: Jose Aguilar @ 505-219-7552, and Ken Weahkee @ 505-364-2672.

**MEMORANDUM**

**DATE:** 30 July 2024

**TO:** Po'Woh Ge' Owingeh Towa

**FROM:** Leon Roybal, Tewa Language Manager

**SUBJECT:** Tewa Language Classes

Ba-bé boh, na've Towa in'... September 2024 is just right around the corner and this department is about to open up some classes to teach our San I Tewa for those who are interested in learning nah-be tun'. The classes will start in about the middle of September 2024, most likely in the evenings and some MAYBE during the day time. Will keep all posted on the actual date and times.

I am inviting you to come and sign up for the classes. I had a "Sign-Up Sheet" during Santiago Day, but maybe some of you did not get a chance to come by the THPO/Tewa Language booth to sign up and talk about the department.

So please do call me at my office @ 505-455-4170 or email me @ [Tewalangmgr@sanipueblo.org](mailto:Tewalangmgr@sanipueblo.org). Should you call and/or email me, please leave your name, contact number, and if you can what level you consider yourself in the Tewa language comprehension. This would help me put together a schedule.

If you have any questions and/or want to know more about the language learning, I am located at the DECP Building, just ask for me.

San I Services General Update:

Dear Community Members,

We are thrilled to share an exciting update from San I Services! As we closed out our fiscal year on June 30, we are proud to announce the positive results we have achieved in collaboration with the Pueblo Alliance, SIS-CTI, and our convenience stores.

Thanks to our successful year, we were able to make significant progress. We have settled all outstanding taxes, some dating as far back as 2018, and cleared the note taken out to enhance the pumps at our stores. This year alone, we have returned approximately \$750,000 to the Pueblo.

We are pleased to inform you that SIS is now up-to-date with our tax payments, contributing around \$30,000 monthly, and actively investing in the development of our fiber and solar projects. Our upcoming plans include hosting community update meetings and commencing construction on the fiber project later this fall.

To ensure that our projects align with the community's needs, we will be organizing public meetings for both the solar and fiber initiatives starting in September. These meetings will provide insights into the projects, offer training opportunities, and seek interest for workforce development.

For those interested in technical training related to our projects, Santa Fe Community College offers classes that align with the skills required to construct and operate these projects.

For more information, feel free to reach out to Peter Fant at [pfant@sanisvcs.com](mailto:pfant@sanisvcs.com) or Laurence Pena at [lpna@sanisvcs.com](mailto:lpna@sanisvcs.com).

Thank you for your continued support and participation in shaping the future of our community!

## Community Visits Ancestral Places

Over the past few months, three community visits to Ancestral villages have been organized by the Historic Preservation Office. We visited Tsirege and the Meteor rock art site, Motandad Canyon and Sandia Cave Canyon, and Nike-muu.

The visits were designed with the help of LANL archaeologists for community members to visit Ancestral places now difficult to visit because of the LANL security. Nike-muu required community members to receive visitor badges and the LANL bus to travel through four security gates. Creating more accessibility to Ancestral places is an aspiration for the visits.

Tsirege is a large village, occupied by San Ildefonso Ancestors 1325 to 1600 AD, consisting of approximately 800 rooms, sitting on a bluff above today's White Rock with fantastic and endless views to the east. The village is the home of the Avanyu image that inspired a San Ildefonso pottery revolution. The Comet site documents a 1264 AD meteor shower. The rock art etched into the Water Canyon wall surface.

Mortandad Canyon includes hundreds of living and storage rooms and staircases carved into a sheer soft tufa rock mesa face. On top of the mesa sits Sandia Pueblo, a small Ancestral village. Many of the caves are blackened from fires and on the surfaces are a variety of petroglyphs. Unfortunately, the art work has been vandalized and there are now steel gates blocking entrance to caves. As one San I elder lamented, “the metal cages keep the images’ prayers locked up and keep our prayers from being heard.”

A cave with rock art inside blackened by fires.

Mortandad Canyon.

Nake-muu Owin-geh is another San Ildefonso Ancestral home of wonderful vistas and beauty and significance. It is a place of reverence for the community occupying the narrow end of a mesa between Water Canyon and Canon del Valle. Many of the rooms retain standing walls with their stone and mud chinking and plastering. First occupied 1200-1350 AD and reoccupied during the Pueblo Revolt years. Built in about 1275 AD, in more recent times it was re-occupied by women and children to protect them from the Spanish during the Spanish return and attempts to subdue the village in the late 1600s.

Thank you all who attended and shared. We will resume community visits. Please contact me if there is anyplace in particular you would like to visit and experience. ([thpo@sanipueblo.org](mailto:thpo@sanipueblo.org) )

## Hot News!

### Vibration Monitoring is coming!

Construction of the Pojoaque Basin Regional Water System (PBRWS) project will begin in your neighborhood in the near future.

This is a U.S. Department of the Interior (US DOI) and Bureau of Reclamation (BOR) construction project contracted to CDM Smith Constructors, Inc.

As part of the PBRWS project, it will be necessary to perform **pre-construction condition surveys** on selected structures, adjacent to construction areas within the Pueblo boundaries.

The **pre-construction condition surveys** will collect data about the condition of selected structures through visual inspection, digital photography, and videos to document any pre-existing cosmetic or structural conditions outside of the structures. This will include any cracks in walls and other defects caused by normal aging and environmental forces.

CDM Smith Constructors, Inc. pays for this vibration monitoring survey. All photographs taken will remain with the project engineer (BOR) in strict confidence. They will be maintained for three years, and then destroyed.

Please keep in mind, construction methods and equipment planned for use by CDM Constructors, Inc. will not cause cracking to your property. These surveys are intended for your security and to document the pre-construction condition of your building(s).

The **pre-construction condition survey** gives you an opportunity to talk with the project engineer about your role in the project and what to expect during the construction process.

The survey should take less than an hour and you need to be present with the contractor and Tribal Official.

A Tribal Official will contact you to schedule an appointment.

If you have any questions, please call Lou Baker, AICP, Project Manager (505) 220-0800 or [pm@sanipueblo.org](mailto:pm@sanipueblo.org)

# San Ildefonso Behavioral Health Program

Would like to introduce our newest therapist ..

**Erin Plew Lyles, Intern,  
Santa Fe/San Ildefonso Pueblo**

Erin moved from Nashville, TN to Santa Fe in 2021 where she is currently working toward a MA in Art Therapy and Counseling at Southwestern College. She is additionally pursuing certification in Applied Interpersonal Neurobiology. Prior to joining the team at Serna Solutions, Erin practiced as a student therapist at Tierra Nueva Counseling Center (TNCC) in Santa Fe. She also held the position of Lead Navigator at TNCC, conducting needs-based assessments to connect clients with resources in the Santa Fe community.

Before moving to Santa Fe, Erin was a Production Designer in the Film Industry and created murals both residentially and commercially. She loves to incorporate art in all she does and found that art therapy provides the unique experience of utilizing an extended visual vocabulary that can unearth unconscious material that may not surface with talk therapy alone.

Erin practices within a Person-Centered and Psychodynamic framework and if art therapy isn't the right fit for the client, she uses other techniques such as Dialectical Behavior Therapy, Motivational Interviewing, Sand Play Therapy, Play Therapy, and plans to acquire training in EMDR, Internal Family Systems and Hypnotherapy. Having previous experience working with children with autism, Erin applies strength-based approaches to working with neurodivergent children and adults. Erin is passionate about working through the lens of the creative therapies to help clients of a variety of ages, genders, sexual orientations, abilities, races, and cultures achieve their mental health goals.

# REMEMBER AND HONOR

## Terrence K. Garcia

On behalf of our late Father, Husband, Son, Brother and Nephew we would like to express our sincerest appreciation to each one of you for your support, love and hugs given to our family during this difficult time with the loss of Terrence K. Garcia. Thank you to the Governor and Tribal Council, Pueblo Church Officials, Pueblo Facilities Department and the Community for all of the donations and last-minute help that was needed. We cannot express how much we are very appreciative of all of you for your support and generosity to our family.

Terrence was a die-hard Raider (Oakland/Las Vegas), Oakland A's and Golden State Warrior fan, he was a Lt. Governor, Tribal Council Member and Traditional Leader. He loved to help out the community, from pulling people out of the arroyo/ditches to towing people off the roadside, he loved camping, hunting and just spending time with his family. He worked with the Pueblo for many years and went on to work for Los Alamos National Laboratory for 18 years, he met a lot of people throughout his years here at the Pueblo and looked out for the betterment of our Pueblo people.

We are dearly going to miss him, his love, his craziness and most of all just his presence here in the Pueblo. Our doors are always open, please feel free to stop by, if you need help, we can assist you. May the Lord bless each one of you with a long life, good health, love and happiness.

Sincerely-Ku dah wo ha,  
Lillian "Sanyo", Dalton, Andrew & Lashanda, Tamara, Terrence Jr., Lauren and Sierra  
Grandkids: Darius, Alexandria, Elias, Ariana, LillyAnna, Landon, and Issac  
Mother Evelyn Naranjo, Sisters, Brother and extended families.
